D. H. MINER, SCHOOL TREASURER.

Cannot make a correct statement of the school finances  
owing to Mr. Mason neglecting to present his order book.

DWIGHT C. PARKER, SCHOOL AUDITOR.

**By the School Board of the Town of Lyman  
for the year ending February 23, 1895**

Each member of the School Board had the entire charge of two schools, as follows: C. H. Miner, schools Nos. 4 and 5; John F. Olin, schools Nos. 1 and 2; Eliphalet E. Mason, schools Nos. 3 and 6.

**No. 1.—PARKER HILL.**

Miss Gertrude A. Trevena taught the summer term of twelve weeks. One class in Geography excelled every other class in this department that it has ever been my privilege to examine. All other branches of study showed good progress. Miss Trevena is gifted and scholarly, a thorough disciplinarian and a natural educator. The school is exceedingly fortunate that secures her services. The fall term of eleven weeks was taught by Miss Cora Woolson. The closing examination showed that fair progress had been made. Miss Woolson is bound to succeed as she looks carefully after the details of her work.

**No. 2.—CLOUGH HILL.**

The summer term of ten weeks was taught by Miss Nina M. Elms, with the result of fair improvement. Miss Elms is an energetic teacher and took a deep interest in her work. The fall term of eleven weeks was taught by Mr. Dwight H. Parker, and was very successful. He introduced new features which had the effect to stimulate and draw out the scholar's thought. Mr. Parker is a very fine young man, talented and upright. The winter term of six weeks was taught by Mrs. Belle Casey, who is a teacher of experience and ability. She taught a very good school.

**No. 3.—MOULTON HILL.**

The summer term of ten weeks was taught by Miss Blanche Bailey of Haverhill. This being her first term the first half proved more successful than the closing examination. The fall term of twelve weeks was taught by Miss Alice J. Ennor and was a decided success.

## No. 4.—TINKERVILLE.

There were three terms, spring term, 10 weeks; fall term, 8 weeks; winter term, 10 weeks, taught by Minnie Hastings. I found the school well advanced in reading and complete arithmetic. Great advancement was made in physiogy, grammar, mental arithmetic, writing and composition. On the whole the school was a marked success.

## No. 5.—POND.

There were three terms, spring term, 10 weeks; fall term, 7 weeks; winter term, 8 weeks, taught by Minnie L. Ash. I found this school had made arithmetic and spelling a specialty. There was marked improvement made in reading, geography, writing, grammar and declamation; the school was a very successful one.

## No. 6.—UNDER THE MOUNTAIN.

A successful summer term of ten weeks was taught by Miss Emma J. Mason. The fall term of ten weeks was taught by Miss Mason. The closing examination showed that the teacher had been faithful and had done excellent work. The winter term of four weeks was also taught by Miss Mason and was, although short, very successful.

The number of children in town between the ages of five and fifteen years, as reported by the selectmen, was 56 boys and 54 girls, a total of 110.

Number of visitors for the year 247.

One thing is lacking in order to make our schools a perfect success. That is, the hearty co-operation of the parents in the small districts to unite with the others and give us a chance to have better and more thorough instruction in each school, also parents to see that their children are punctual in attendance. I have tried to work for the interest of the scholars, remembering

'Tis education forms the common mind;  
Just as the twig is bent the tree's inclined.

Yours respectfully,

CANDIS HELEN MINER, CHAIRMAN.
